

Dr. Robert Dickens

Robert Dickens joined the USDA, APHIS, VS, Professional Development Staff in November 2004 and serves as a Veterinary Medical Officer and Training Specialist. His primary responsibilities include course development and facilitation. Prior to his current position, he worked for three years with the North Carolina Department of Agriculture's Emergency Programs Division. In this capacity, he served as surveillance coordinator developing web-based surveillance systems and the North Carolina Notification and Alert System (AGNAS). Dr. Dickens also led the state's strategic GIS task force, which was dedicated to developing medical applications of GIS in North Carolina. He was active in writing legislation governing the reporting of animal diseases, particularly zoonotic diseases in North Carolina. Dr. Dickens is a graduate of The North Carolina State University.
